

Chapter 12

TRANSFER POLICY

INTRODUCTION

This chapter explains CKHA's transfer policy, based on HUD regulations, HUD guidance, and CKHA Policy decisions.

This chapter describes HUD regulations and PHA policies related to transfers in four parts:

Part I: Emergency Transfers. This part describes emergency transfers, emergency transfer procedures, and payment of transfer costs.

Part II: PHA Required Transfers. This part describes types of transfers that may be required by CKHA, notice requirements, and payment of transfer costs.

Part III: Transfers Requested by Residents. This part describes types of transfers that may be requested by residents, eligibility requirements, security deposits, payment of transfer costs, and handling of transfer requests.

Part IV: Transfer Processing. This part describes creating a waiting list, prioritizing transfer requests, the unit offer policy, examples of good cause, deconcentration, transferring to another development and reexamination.

CKHA may require the tenant to move from the unit under some circumstances. There are also emergency circumstances under which alternate accommodations for the tenant must be provided, that may or may not require a transfer.

The tenant may also request a transfer, such as a request for a new unit as a reasonable accommodation.

CKHA must have specific policies in place to deal with acceptable transfer requests.

PART I: EMERGENCY TRANSFERS

12-I.A. OVERVIEW

HUD categorizes certain situations that require emergency transfers [PH Occ GB, p. 147]. The emergency transfer differs from a typical transfer in that it requires immediate action by CKHA.

In the case of a genuine emergency, it may be unlikely that CKHA will have the time or resources to immediately transfer a tenant. Due to the immediate need to vacate the unit, placing the tenant on a transfer waiting list would not be appropriate. Under such circumstances, if an appropriate unit is not immediately available, CKHA should find alternate accommodations for the tenant until the emergency passes, or a permanent solution, i.e., return to the unit or transfer to another unit, is possible.

12-I.B. EMERGENCY TRANSFERS

If the dwelling unit is damaged to the extent that conditions are created which are hazardous to life, health, or safety of the occupants, CKHA must offer standard alternative accommodations, if available, where necessary repairs cannot be made within a reasonable time [24 CFR 966.4(h)].

CKHA Policy

The following is considered an emergency circumstance warranting an immediate transfer of the tenant or family:

Maintenance conditions in the resident's unit, building or at the site that pose an immediate, verifiable threat to the life, health or safety of the resident or family members that cannot be repaired or abated within 24 hours. Examples of such unit or building conditions would include: a gas leak; no heat in the building during the winter; no water; toxic contamination; and serious water leaks.

12-I.C. EMERGENCY TRANSFER PROCEDURES

CKHA Policy

If the transfer is necessary because of maintenance conditions, and an appropriate unit is not immediately available, CKHA will provide temporary accommodations to the tenant by arranging for temporary lodging at a hotel or similar location. If the conditions that required the transfer cannot be repaired, or the condition cannot be repaired in a reasonable amount of time, CKHA will transfer the resident to the first available and appropriate unit after the temporary relocation.

Emergency transfers that arise due to maintenance conditions are mandatory for the tenant.

~~Emergency transfers are mandatory for the tenant.~~

12-I.D. COSTS OF TRANSFER

CKHA Policy

CKHA will bear the reasonable costs of temporarily accommodating the tenant and of long term transfers, if any, due to emergency conditions.

The reasonable cost of transfers includes the cost of packing, moving, and unloading.

CKHA will establish a moving allowance based on the typical costs in the community of packing, moving, and unloading. To establish typical costs, CKHA will collect information from companies in the community that provide these services.

CKHA will reimburse the family for eligible out-of-pocket moving expenses up to CKHA's established moving allowance.

PART II: PHA REQUIRED TRANSFERS

12-II.A. OVERVIEW

HUD regulations regarding transfers are minimal, leaving it up to CKHA to develop reasonable transfer policies.

CKHA may require that a resident transfer to another unit under some circumstances. For example, CKHA may require a resident to transfer to make an accessible unit available to a disabled family. CKHA may also transfer a resident in order to maintain occupancy standards based on family composition. Finally, a PHA may transfer residents in order to demolish or renovate the unit.

A transfer that is required by CKHA is an adverse action, and is subject to the notice requirements for adverse actions [24 CFR 966.4(e)(8)(i)].

12-II.B. TYPES OF PHA REQUIRED TRANSFERS

CKHA Policy

The types of transfers that may be required by CKHA, include, but are not limited to, transfers to make an accessible unit available for a disabled family, transfers to comply with occupancy standards, transfers for demolition, disposition, revitalization, or rehabilitation, and emergency transfers as discussed in Part I of this chapter.

Transfers required by CKHA are mandatory for the tenant.

Transfers to Make an Accessible Unit Available

When a family is initially given an accessible unit, but does not require the accessible features, CKHA may require the family to agree to move to a non-accessible unit when it becomes available [24 CFR 8.27(b)].

CKHA Policy

When a non-accessible unit becomes available, CKHA will transfer a family living in an accessible unit that does not require the accessible features, to an available unit that is not accessible. CKHA may wait until a disabled resident requires the accessible unit before transferring the family that does not require the accessible features out of the accessible unit.

A tenant shall be given 5 days' time in which to vacate the initial unit following delivery of a transfer notice. Failure to do so will result in the family being charged the flat rent for the initial unit on a pro-rated basis until the unit is turned over to management. Tenants may request additional days as a reasonable accommodation for a disability; however this request must be submitted prior to the delivery of the transfer notice.

Occupancy Standards Transfers

CKHA may require a resident to move when a reexamination indicates that there has been a change in family composition, and the family is either overcrowded or over-housed according to CKHA Policy [24 CFR 960.257(a)(4)]. On some occasions, CKHA may initially place a resident in an inappropriately sized unit at lease-up, where the family is over-housed, to prevent vacancies. The public housing lease must include the tenant's agreement to transfer to an appropriately sized unit based on family composition [24 CFR 966.4(c)(3)].

CKHA Policy

CKHA will transfer a family when the family size has changed and the family is now too large (overcrowded) or too small (over-housed) for the unit occupied.

For purposes of the transfer policy, overcrowded and over-housed are defined as follows:

Overcrowded: the number of household members exceeds the maximum number of persons allowed for the unit size in which the family resides, according to the chart in Section 5-I.B.

Over-housed: the family no longer qualifies for the bedroom size in which they are living based on CKHA's occupancy standards as described in Section 5-I.B.

CKHA may also transfer a family who was initially placed in a unit in which the family was over-housed to a unit of an appropriate size based on CKHA's occupancy standards, when CKHA determines there is a need for the transfer.

CKHA may elect not to transfer an over-housed family in order to prevent vacancies.

A family that is required to move because of family size will be advised by CKHA that a transfer is necessary and that the family has been placed on the transfer list.

Families that request and are granted an exception to the occupancy standards (for either a larger or smaller size unit) in accordance with the policies in Section 5-I.C. will only be required to transfer if it is necessary to comply with the approved exception.

A tenant shall be given 5 days' time in which to vacate the initial unit following delivery of a transfer notice. Failure to do so will result in the family being charged the flat rent for the initial unit on a pro-rated basis until the unit is turned over to management. Tenants may request additional days as a reasonable accommodation for a disability; however this request must be submitted prior to the delivery of the transfer notice.

Demolition, Disposition, Revitalizations, or Rehabilitation Transfers

These transfers permit CKHA to demolish, sell or do major capital or rehabilitation work at a building site [PH Occ GB, page 148].

CKHA Policy

CKHA will relocate a family when the unit or site in which the family lives is undergoing major rehabilitation that requires the unit to be vacant, or the unit is being disposed of or demolished. CKHA's relocation plan may or may not require transferring affected families to other available public housing units.

If the relocation plan calls for transferring public housing families to other public housing units, affected families will be placed on the transfer list.

In cases of revitalization or rehabilitation, the family may be offered a temporary relocation if allowed under Relocation Act provisions, and may be allowed to return to their unit, depending on contractual and legal obligations, once revitalization or rehabilitation is complete.

A tenant shall be given 5 days' time in which to vacate the initial unit following delivery of a transfer notice. Failure to do so will result in the family being charged the flat rent for the initial unit on a pro-rated basis until the unit is turned over to management. Tenants may request additional days as a reasonable accommodation for a disability; however this request must be submitted prior to the delivery of the transfer notice.

12-II.C. ADVERSE ACTION [24 CFR 966.4(e)(8)(i)]

A PHA required transfer is an adverse action. As an adverse action, the transfer is subject to the requirements regarding notices of adverse actions. If the family requests a grievance hearing within the required timeframe, CKHA may not take action on the transfer until the conclusion of the grievance process.

12-II.D. COST OF TRANSFER

CKHA Policy

CKHA will bear the reasonable costs of transfers that CKHA requires, except that residents will be required to bear the cost of occupancy standards transfers and to make accessible units available, as they had previously been made aware they may be required to transfer.

The reasonable costs of transfers include the cost of packing, moving, and unloading.

CKHA will establish a moving allowance based on the typical costs in the community of packing, moving, and unloading. To establish typical costs, CKHA will collect information from companies in the community that provide these services.

CKHA will reimburse the family for eligible out-of-pocket moving expenses up to CKHA's established moving allowance.

PART III: TRANSFERS REQUESTED BY TENANTS

12-III.A. OVERVIEW

HUD provides CKHA with discretion to consider transfer requests from tenants. The only requests that CKHA is required to consider are requests for reasonable accommodation. All other transfer requests are at the discretion of CKHA. To avoid administrative costs and burdens, this policy limits the types of requests that will be considered by CKHA.

Some transfers that are requested by tenants should be treated as higher priorities than others due to the more urgent need for the transfer.

12-III.B. TYPES OF RESIDENT REQUESTED TRANSFERS

CKHA Policy

The types of requests for transfers that CKHA will consider are limited to requests for transfers to alleviate a serious or life threatening medical condition, transfers due to a threat of physical harm or criminal activity, reasonable accommodation, transfers to a different unit size as long as the family qualifies for the unit according to CKHA's occupancy standards, and transfers to a location closer to employment. No other transfer requests will be considered by CKHA.

CKHA will consider the following as high priority transfer requests:

When a transfer is needed to alleviate verified medical problems of a serious or life-threatening nature

When there has been a verified threat of physical harm or criminal activity. Such circumstances may, at CKHA's discretion, include an assessment by law enforcement indicating that a family member is the actual or potential victim of a criminal attack, retaliation for testimony, a hate crime, or domestic violence, dating violence, sexual assault, or stalking. For instances of domestic violence, dating violence, sexual assault, or stalking, the threat may also be established through documentation outlined in section 16-VII.D, or by any proof accepted by CKHA.

When a family requests a transfer as a reasonable accommodation. Examples of a reasonable accommodation transfer include, but are not limited to, a transfer to a first floor unit for a person with mobility impairment, or a transfer to a unit with accessible features

CKHA will consider the following as regular priority transfer requests:

When a family requests a larger bedroom size unit even though the family does not meet CKHA's definition of overcrowded, as long as the family meets CKHA's occupancy standards for the requested size unit

When the head of household or spouse is employed 25 miles or more from the public housing unit, has no reliable transportation and public

transportation is not adequate

Transfers requested by the tenant are considered optional for the tenant.

12-III.C. ELIGIBILITY FOR TRANSFER

Transferring residents do not have to meet the admission eligibility requirements pertaining to income or preference. However, CKHA may establish other standards for considering a transfer request [PH Occ GB, p. 150].

CKHA Policy

Except where reasonable accommodation is being requested, CKHA will only consider transfer requests from residents that meet the following requirements:

- Have not engaged in criminal activity that threatens the health and safety of residents and staff
- Owe no back rent or other charges, or have a pattern of late payment
- Have no housekeeping lease violations or history of damaging property
- Can get utilities turned on in the name of the head of household (applicable only to properties with tenant-paid utilities)

A resident with housekeeping standards violations will not be transferred until the resident passes a follow-up housekeeping inspection.

Exceptions to the good record requirement may be made when it is to CKHA's advantage to make the transfer. Exceptions may also be made when CKHA determines that a transfer is necessary to protect the health or safety of a resident who is a victim of domestic violence, dating violence, sexual assault or stalking and who provides documentation of abuse in accordance with section 16-VII.D of this ACOP.

If a family requested to be placed on the waiting list for a unit size smaller than designated by the occupancy guidelines, the family will not be eligible to transfer to a larger size unit for a period of two years from the date of admission, unless they have a change in family size or composition, or it is needed as a reasonable accommodation.

12-III.D. SECURITY DEPOSITS

CKHA Policy

When a family transfers from one unit to another, CKHA will transfer their security deposit to the new unit. The tenant will be billed for any maintenance or others charges due for the "old" unit.

12-III.E. COST OF TRANSFER

CKHA must pay moving expenses to transfer a resident with a disability to an accessible unit as an accommodation for the resident's disability [Notice PIH 2010-26].

CKHA Policy

The resident will bear all of the costs of transfer s/he requests. However, CKHA will bear the transfer costs when the transfer is done as a reasonable accommodation.

12-III.F. HANDLING OF REQUESTS

CKHA Policy

Residents requesting a transfer to another unit or development will be required to submit a written request for transfer.

In case of a reasonable accommodation transfer, CKHA will encourage the resident to make the request in writing using a reasonable accommodation request form. However, CKHA will consider the transfer request any time the resident indicates that an accommodation is needed whether or not a formal written request is submitted.

CKHA will respond by approving the transfer and putting the family on the transfer list, by denying the transfer, or by requiring more information or documentation from the family, such as documentation of domestic violence, dating violence, sexual assault or stalking in accordance with section 16-VII.D of this ACOP.

If the family does not meet the “good record” requirements under Section 12-III.C., the manager will address the problem and, until resolved, the request for transfer will be denied.

CKHA will respond within ten (10) business days of the submission of the family's request. If CKHA denies the request for transfer, the family will be informed of its grievance rights.

A family shall be given 5 days' time in which to vacate the initial unit following delivery of a transfer notice. Failure to do so will result in the family being charged the flat rent for the initial unit on a pro-rated basis until the unit is turned over to management. Tenants may request additional days as a reasonable accommodation for a disability; however this request must be submitted prior to the delivery of the transfer notice.

PART IV: TRANSFER PROCESSING

12-IV.A. OVERVIEW

Generally, families who request a transfer should be placed on a transfer list and processed in a consistent and appropriate order. The transfer process must be clearly auditable to ensure that residents do not experience inequitable treatment.

12-IV.B. TRANSFER LIST

CKHA Policy

CKHA will maintain a centralized transfer list to ensure that transfers are processed in the correct order and that procedures are uniform across all properties.

Emergency transfers will not automatically go on the transfer list. Instead emergency transfers will be handled immediately, on a case by case basis. If the emergency cannot be resolved by a temporary accommodation, and the resident requires a permanent transfer, the family will be placed at the top of the transfer list.

Transfers will be processed in the following order:

1. Emergency transfers (hazardous maintenance conditions)
2. High-priority transfers (verified medical condition, threat of harm or criminal activity, and reasonable accommodation)
3. Transfers to make accessible units available
4. Demolition, renovation, etc.
5. Occupancy standards
6. Other PHA-required transfers
7. Other tenant-requested transfers

Within each category, transfers will be processed in order of the date a family was placed on the transfer list, starting with the earliest date.

With the approval of the executive director, CKHA may, on a case-by-case basis, transfer a family without regard to its placement on the transfer list in order to address the immediate need of a family in crisis.

Demolition and renovation transfers will gain the highest priority as necessary to allow CKHA to meet the demolition or renovation schedule.

Transfers will take precedence over waiting list admissions.

12-IV.C. TRANSFER OFFER POLICY

CKHA Policy

Residents will receive one offer of a transfer.

When the transfer is required by CKHA, the refusal of that offer without good cause will result in lease termination.

When the transfer has been requested by the resident, the refusal of that offer without good cause will result in the removal of the family from the transfer list. In such cases, the family must wait six months to reapply for another transfer.

12-IV.D. GOOD CAUSE FOR UNIT REFUSAL

CKHA Policy

Examples of good cause for refusal of a unit offer include, but are not limited to, the following:

The family demonstrates to CKHA's satisfaction that accepting the unit offer will require an adult household member to quit a job, drop out of an educational institution or job training program, or take a child out of day care or an educational program for children with disabilities.

The family demonstrates to CKHA's satisfaction that accepting the offer will place a family member's life, health, or safety in jeopardy. The family should offer specific and compelling documentation such as restraining orders, other court orders, risk assessments related to witness protection from a law enforcement agency, or documentation of domestic violence, dating violence, or stalking in accordance with section 16-VII.D of this ACOP. Reasons offered must be specific to the family. Refusals due to location alone do not qualify for this good cause exemption.

A health professional verifies temporary hospitalization or recovery from illness of the principal household member, other household members (as listed on final application) or live-in aide necessary to the care of the principal household member.

The unit is inappropriate for the applicant's disabilities, or the family does not need the accessible features in the unit offered and does not want to be subject to a 30-day notice to move.

The unit has lead-based paint and the family includes children under the age of six.

CKHA will require documentation of good cause for unit refusals.

12-IV.E. DECONCENTRATION

CKHA Policy

If subject to deconcentration requirements, CKHA will consider its deconcentration goals when transfer units are offered. When feasible, families

above the Established Income Range will be offered a unit in a development that is below the Established Income Range, and vice versa, to achieve CKHA's deconcentration goals. A deconcentration offer will be considered a "bonus" offer; that is, if a resident refuses a deconcentration offer, the resident will receive one additional transfer offer.

12-IV.F. REEXAMINATION POLICIES FOR TRANSFERS

CKHA Policy

The reexamination date will be changed to the first of the month in which the transfer took place.
